The Cove Clean-Up Day Newsletter

Sept 2015

CLEAN-UP DAY IS COMING

SATURDAY, OCT 17th

8:00 AM to 2:00 PM

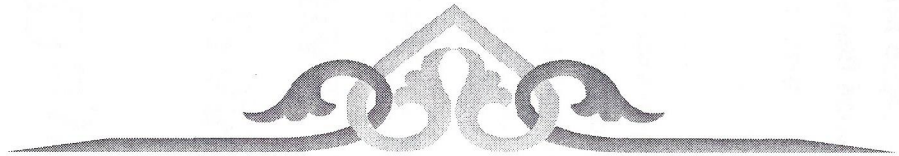
Please join us in helping clean up our community. Volunteers are needed to help make this event successful. Join with your neighbors to help beautify our neighborhood and keep Cove clean! To volunteer, make a financial donation, or to schedule a home pick-up please call:

Doug Kruse
541-568-4302

- The drop-off site will be in front of Cove City Hall, on Alder Street. We will take solid waste, metal, old tires, batteries, and appliances. A $25 donation is suggested to cover processing costs for any refrigerator, freezer or appliance with a compressor.
- We **CANNOT** accept, liquids or gases of any kind, chemicals, or any hazardous materials.
- We ask that when loading your truck or trailer you **load your items in the following order**: scrap metal first, followed by solid waste, appliances, batteries, and tires last. We will have different stations for each category and loading them in this manner will make unloading faster for everyone.
- The burn site for this year's event will be located at the City's sewage lagoon on Conley Road. We will accept yard clippings, tree cuttings and wood that is not painted or stained.
- Home pick ups are available for a donation to those needing physical assistance. Appointments are limited so please contact **Doug Kruse 568-4302** for pick-up qualifications and scheduling.
- We always need volunteers to work at the drop-off site, help with home pick ups, and canvass the streets to collect litter. Breakfast and lunch will be provided, and early drop offs will be available to any volunteers working the event. To sign up or find out more details please call **Doug Kruse 568-4302**, or just drop in on Clean-up Day to lend a hand.
- If you have items still are usable and would like to recycle them we suggest donating them to **Habitat for Humanity ReStore. For more information** call **541-963-2414**. As always our mission is to recycle, reuse or re-purpose as much as possible!

Clean-Up Day is supported by City of Cove, Les Schwab, Riley Excavation and many local equipment operators and volunteers. Your financial contributions help cover the expenses incurred. Donations will be accepted at the drop site, and home pick-ups.

Thanks for your support!



Cove Recycling Center

Union County has developed one of the most inclusive recycling programs in Eastern Oregon including the Cove Recycle Center located at Alder & Church St. Your cooperation is essential in providing the most contaminate free material possible. When using the recycling center we ask that you recycle only acceptable items and materials that are properly prepared. Acceptable items are listed on the bins. Please do not contaminate the bins with household trash or items that are obviously unacceptable. A metal recycling bin is also available and the proceeds help fund several beautifications projects within Cove. For your convenience all facilities are available 24 hours / 7 days a week. If you have any questions please call City Garbage Service at **541-963-5459** or City of Cove at **541-568-4566.**
